\* A flat collar is a normal buckle or clip collar that cannot tighten with the lead. Check/choke chains are not permitted at our classes, half-checks and martingale collars are only permitted if the collar is correctly fitted so that it cannot over tighten. A well fitted collar is one that you can fit at least 2 fingers underneath, but cannot slip over the dogs head. A well fitted harness is allowed. Please speak to Jenny if your dog is usually walked on anti-pull harness or headcollar.

Leads should be long enough that your dog could walk comfortably next to you with a loose lead when the lead is held at your waist. Slip leads and extendable leads are not to be used at our classes. If you are unsure whether you have the right collar and lead, please ask.

\*\* If your children are likely to distract you from training you are welcome to bring an extra adult!
